SUMMARY

A Mechanical Engineering graduate transitioning into the IT domain with a solid foundation in C, C++, and Data Structures & Algorithms. Possess hands-on experience in mechanical design tools and a strong interest in problem-solving and software development. Motivated to contribute to innovative tech projects and continuously expand technical skills in a collaborative environment.

EXPERIENCE

Educator

Slum Swaraj Foundation (NGO)

📅 09/2019 - 05/2023

An NGO focused on education and community support

- Taught basic education to underprivileged children

EDUCATION

B.Tech in Mechanical Engineering

JSS Academy of Technical Education

📅 08/2019 - 06/2023 📍 Noida

Intermediate

Raj English School

📅 04/2017 - 05/2018

High School

New Cambridge Sr. Sec. School

📅 04/2015 - 05/2016

CERTIFICATION

Intro to Mechanical Engineering & Manufacturing (Fusion 360)

INTERESTS

Interests

Reading Books, Gaming,
Teaching, Mechanical
Design

KEY ACHIEVEMENTS

Project Leadership

Led a team of 4 to design efficient waste management system.

Design Efficiency Boost

Improved design efficiency by 25% using Fusion 360 simulation.

Educational Impact

Taught over 30 children basic mathematics and science in underprivileged areas.

Simulation Accuracy

Achieved 90% accuracy in simulation results for stress analysis projects.

SKILLS

C/C++

Microsoft Office

Data Structures Algorithms (DSA)

Autodesk Fusion 360

AutoCAD

Microsoft Power Point

PROJECTS

Food & Waste Supply Chain Management

Food & Waste Supply Chain Management

- Analyzed waste reduction challenges in the food industry

Mechanical Design using Fusion 360

Mechanical Design using Fusion 360

- Designed and simulated mechanical models with stress analysis
